Applicant: Montmorency-Oscoda-Alpena Solid Waste Management Authority
Facility Name: Montmorency/Oscoda Joint Sanitary Landfill
Construction Permit Number: 0369
October 1998

The permittee shall comply with all terms of this permit and the provisions of Part 115, Solid Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA), and its rules. This permit includes the permit application and any attachments to this permit.

1. The permittee shall construct the Facility in a manner that will not violate any state or federal law.
2. This permit authorizes the construction of the disposal area as defined in the Application for Solid Waste Disposal Area Construction Permit (Application) documents, dated July 1, 1998, and received by the Michigan Department of Environmental Quality (Department) on July 2, 1998 (new disposal area). The new disposal area authorized by this permit shall not be utilized for the disposal of solid waste until an operating license for the disposal area is issued by the Department.
3. The attached map (Attachment A) shows the Facility, the area permitted for construction, monitoring points, leachate storage units, site roads, and related appurtenances.
4. Issuance of this permit is based on the assumption that the information submitted in the Application dated July 1, 1998, received by the Department on July 2, 1998, and any subsequent amendments is accurate. Any inaccuracies or deviations found in this information may be grounds for the revocation or modification of this permit and/or other enforcement action. The permittee shall inform the Department's Waste Management Division, Cadillac District Supervisor, of any known inaccuracies and/or any deviation in the information of the Application which would affect the permittee's ability to comply with the applicable rules or permit conditions. This permit is issued based on Department review of the Application. The Application includes the following documents or their approved revisions which are incorporated by reference and become enforceable portions of this permit:
 - a. Construction Permit Application, Form EQP5506.
 - b. Fee in the amount of \$1750.00.
 - c. Landfill Expansion Construction Permit Application (Engineering Report), dated June of 1998, which includes the following documents:

- i. "Remedial Investigation Work Plan," dated October 22, 1998.
5. ☒ **SAMPLING PARAMETERS AND FREQUENCY:** The sampling parameters and monitoring frequencies are outlined in the Hydrogeological Monitoring Plan. The sampling results shall be submitted to the Department's Waste Management Division, Grayling Field Office, 1955 North I-75 B.L., Grayling, Michigan 49738.
6. **SPECIAL CONDITIONS:**
- a. By June 15, 1999, upon completion of the Remedial Investigation Work Plan dated October 22, 1998, the permittee shall submit to the Department for review and approval an amendment to the Remedial Action Plan, dated September 20, 1991, and approved by the Department with modifications on December 2, 1991.
 - b. The Remedial Action Plan amendment shall comply with Part 201, Environmental Remediation, of the NREPA and the rules promulgated thereunder.
 - c. Until such time as the amended Remedial Action Plan is approved by the Department and implemented by the permittee, the permittee shall comply with the provisions of the approved Remedial Action Plan, dated September 20, 1991.
 - d. The amended Remedial Action Plan shall be implemented by the permittee within 30 days of Department approval.
